Belarusian State University

President of Belarus Alexander Lukashenko visited BSU and met with student youth. BSU Rector Andrey Korol told the President about the university's representation in twelve global and seven subject world rankings; the Educational portal uniting about 7000 electronic platforms; international cooperation — 566 agreements with 59 countries; Belarusian-Chinese relations — about 1800 student from China in BSU; innovations in BSU educational process. A live video broadcast in university classrooms in regional centres was also organised — students in regions could ask questions.

Immanuel Kant Baltic Federal University

A modern loft space was opened in IKBFU's dormitory. A project of multifunctional premises was developed by students in order to create a comfortable environment for students. The previous neglected space was renovated (painting walls, installing electrical appliances, purchasing equipment and furniture, decorating the premises). Now students will be able to arrange there film screenings, board game tournaments, theme nights and etc.
